The facilities for intellectual and professional acquirements, pure favorably with the most distinguished country. The medical faculty is an anomaly in this or any other country. The able lecturers and teachers.

Those who contemplate our geographical position, and the extent of our population, have no doubts as to the eligibility of this country for an enterprise of the kind. A common error exists in the mind of students relative to the place of study; those who intend practicing a disease of the west and south should associate themselves with those who are practically acquainted with those diseases.

That the public may be satisfied of the maner of this school, we feel it our duty to state, that the Trustees and faculty in action, which augurs well for its success; and that the peculiar organization connects them, cannot be interrupted.

### THE GREAT SOUTHERN REMEDY FOR THE PREVENTION AND CURE Asiatic Cholera in its Early

**The Voice of the Profession**  
THE great favor which Dr. Halsey's Carminative and Astringent has found with medical men, and the great to which it is used and recommended, is the highest respectability to the community. It stands far above all nostrums which are forced upon notice, and has often with false claims. We present names is well known to medicine, and the medical world, following.

From Seymour Halsey, M.D. Surgeon United States Army, and Thomas J. M.D. of Vicksburg.

This is to certify that for the 1 or four years, I have frequently used Halsey's Syrup in my practice in cholera; (the summer complaint of child chronic cases of Diarrhoea in grown up children; and I have no hesitation in recommending this preparation as one of the best remedies for these diseases I have seen.

S. HALSEY, T. J. HARPER, From Dr. A. G. NEWPORT.

Mr. O. O. Woodman—Dear Sir: I last year, I introduced into this city Dr. Halsey's Carminative and Astringent, and from the success that has attended its use, not only in my own but that of others, as well as in the which I have sold the preparation, I am inclined to think it will be long great deal of it will be sold here. I am not disposed to get out of it myself, you will therefore please send me 1 enclosed, five dollars, as early as possible.

Your obedient servant, A. G. NEWPORT.

From Dr. James Henry, Attalla Co. Miss. Dec.

Mr. O. O. Woodman—Dear Sir: I Halsey's Carminative and Astringent several clearly marked cases of the disease which it is recommended, and have successful in every case. I take pleasure in saying that I considered it a good and prepared with great skill.

Yours, Respectfully, JAMES HENRY, From Dr. D. M. Porter.

Delta, Coahoma co., Miss. May Mr. O. O. Woodman—Dear Sir: I but few of the very many testimonials to the public, to which I would to lend the sanction of my name, humble it may be in the world of medicine. Observation and experience have forced upon me the conviction that Halsey's Carminative and Astringent is a very valuable compound, upon principles perfectly in harmony with of organic life—and therefore dears its ingredients are kept secret) to put in the scale of remedial agents the nostrum. It affords me pleasure to testify in favor of its efficiency, and pleasant remedy, in all the forms of complaint for which it is recommended. I have used it myself in several very chronic cases of diarrhea and dysentery, and it has been successful in every instance where such a preparation is proved successful. Respect yours, D. M. PORTER.
